

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office

Apr. 18, 1998

LB 512, 1126

PRESIDENT ROBAK: The question before the body is the advancement of 512. All those in favor...this is...Senator Chambers requested a record vote, machine vote. The question before the body is the advancement of LB 512. All those in favor vote aye; all those opposed vote nay. Please record.

CLERK: 3 ayes, 25 nays, Madam President, on the motion to readvance LB 512.

PRESIDENT ROBAK: LB 512 fails to advance. We are on Final Reading. Final Reading, LB 1126.

CLERK: Senator Kiel, I had an amendment from you, (LB) 1126, Senator. (See AM4488 found on page 1819 of the Legislative Journal.)

SENATOR KIEL: Madam President, members of the Legislature, the screeching, squealing sound you hear is everybody trying to switch gears. My motion was to return for a specific amendment. It had to do with concerns I have about the use of the specialty pesticide fee to fund the Buffer Strip Act; also had to do with the fact that I believe that we ought to be concerned about reducing pesticide waste across the state including urban areas, and that is what my amendment was intended to do, but because of the hour obviously, all I wanted to do was to give the Legislature heads up that I would like to bring this back next year and, at that time, talk about looking at how we might fund the reduction of pesticide waste in urban areas as well as in urban...as well as in rural areas. With that said, I would withdraw the motion.

PRESIDENT ROBAK: The motion is withdrawn. The Chair recognizes Speaker Kristensen.

SPEAKER KRISTENSEN: Thank you, Madam President and members of the Legislature. I want to give you some direction as to where we're at. It's now 9:00. We are going through Final Reading bills. I do not expect them to take a long period of time. Obviously, I do not want to go to those resolutions this evening if we can spend some time, and the body's willing to stay, there's the opportunity to get through some Final Reading this
